

Please keep 100 perscent don't call for senior citizens. The tendency is to rush to get the phone and trip and fall or bumb things over. Or, if you are working on important papers or concentrating on important any other activities and intrupting one only to find nobody on the phone, one finds it difficulty to get back to the point of thought when the ring broke the train of thought, etc. This is all for the activity senior. Those who are more infirmed have a lot of reasons not to have calls that are selling products or serves they do not want.

Again, PLEASE DO NOT CHANGE THE CURRENT RULES1
